

# There's a new lung cancer screening program

It's free and could save your life.

**Aged 50 to 70 with a history of smoking?**

Yarn to your doctor or healthcare provider about lung screening.

**IT'S GOOD TO KNOW**

 [lungcancerscreen.org.au](https://lungcancerscreen.org.au)

Supported by

**NATIONAL  
LUNG CANCER  
SCREENING  
PROGRAM**
